

Mint of the United States at Philadelphia, Pa.,

ENGRAVER'S DEPARTMENT,

19th June, 1889.

Sir

Upon further examination of the "Hill Reducing Machine" I find ten inches the extreme size for a model. I think it would be well to advise the Director of this fact as it will be of benefit to him if he is thinking of having the model for the Stranet's medal prepared by some artist out of the Mint.

Very respectfully

Sir

Upon further examination of the "Hill Reducing Machine" I find ten inches the extreme size for a medal. I think it would be well to advise the Director of this fact as it will be of benefit to him if he is thinking of having the model for the Francis Medal prepared by some artist out of the Mint.

Very respectfully,
Chas. E. Barber
